Changing Places: Changing Lives

Access & Inclusion UK

Making everybody welcome

Jane Cooper

Megan

The Humble Toilet...

- Is taken for granted
- Is the butt of many jokes
- But where would we be without it?

For 250,000+ people:

Their needs are not met by standard accessible toilets due to:

- Severe disability
- Brain injury
- Illness
- Age

- Continence pad
- Support to get on or off the toilet
- Need to be changed

Their choice is.....

- Go out for only 2 hours at a time
- Stay at home
- Face being changed on a public toilet floor
- Wear extra pads

Reality without Changing Places Toilets

And they are not alone....

- E. Coli

Kidney damage
Urinary infections
Stomach

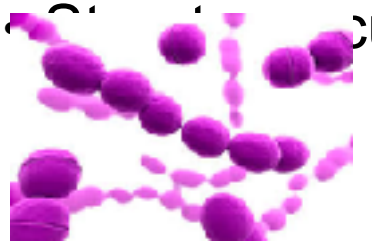

- Staphylococcus

Infections
Impetigo
Food poisoning
Cellulitis
Toxic shock

syndrome

- Streptococcus

Strep throat
Blood infections
Pneumonia

Exercise....

Not *'Just a Toilet'…*

The BIGGEST piece of social change in a generation

"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has." Margaret Mead
